### *Mark O'Brien—Coaching Coordinator*

At times we live in a world when we see something we do not agree with, we are all too ready and willing to complain about it, When we should look for the good and congratulate it when we see it!

This happened to me last night,

We have a very busy, growing and vibrant club - Due to our growth we called on some of our younger players to help coach an under 6 side this year.

These young men have been at our club from the beginning in 2013 and have grown into great players in their own right but to see them in a coaching capacity and the look on their young players faces and the fun that their players are having not to mention themselves - is truly what this game that we all love is all about.

Great work coaches Ethan W, Lachlan E and assistant Ollie S!

# Captain Calvin's Cutters Corner

A Coomera Cutters Coach had a meeting with his team. At the end of the meeting he pulled out a crisp \$50.00 note from his pocket.

He asked his players who would like it. Without hesitation all of the players put their hand up. He then took the \$50.00 note a scrunched it up and it became wrinkled and crumpled and asked the same question – ‘who would like it?’

Again all of the players put their hand up. He then took the \$50.00 note and rubbed in in the dirt and the mud and then asked the same question – ‘who would like it now?’ once again all of the players put their hand up.

He then addressed his players and said –“Young men, you have just learned a valuable lesson. No matter what I did the \$50.00 note that was once crisp and shiny but now dirty, creased and crumpled, you **ALL** still wanted it!

No matter what I did to it, in your mind it was still worth \$50.00. Which indeed it is.

Many times in your lives you will be creased and crumpled from the decisions that you make – right or wrong and the circumstances come to you from those decisions. You will feel that you have no worth.

But please believe me – No matter what has happened or what will happen, **YOU WILL NEVER LOSE YOUR VALUE!**

**YOU ARE SPECIAL – NEVER EVER FORGET IT!**

***Calvin’s moral of the story:*** “ALWAYS believe in yourself, no matter what happens to you!”

***Calvin’s thought of the week-*** “Your value does not decrease based on someone else’s inability to appreciate your worth!”

# WE NEED YOUR HELP!

## Club House Fit Out

### PROJECT STORY

Coomera Cutters has recently had their new club house built however the fit out is yet to be completed and we need your help to finish off our new rooms. Cost spent on building the clubhouse are at \$300,000 of which the majority of funds have come from Government Grants & Council funding. Whilst the club has been successful in receiving funding from a number of government and community organisations an additional \$20,000 needs to be raised to finish the new rooms.

### HOW THE FUNDS WILL BE USED

To renovate the inside of the newly established club house and ensure it its operating efficiently.

### WHAT MAKES THIS PROJECT SPECIAL

The club is a pivotal part in the community and it is essential we offer our members and guests the best training facilities and ground in order to grow successfully. Sporting clubs are the foundation of the community promoting social inclusion and physical activity. A study by the The Centre for Sport and Social Impact (CSSI) at La Trobe University has found that for every \$1 spent on local football clubs, at least \$4.40 is returned in social value, improving employment outcomes, mental well being and personal development highlighting the need to ensure growth for the Coomera Cutters.

### THIS PROJECT WILL BE SUCCESSFUL WHEN...

The club house will be fully completed with new change rooms, offices, canteen, toilets, training room and furniture. The Club will showcase great sporting facilities and have the capacity to increase memberships.

### HOW CAN YOU HELP?

A pledge to this page will ensure the Coomera Cutters are on the way to becoming the best local sporting club in town.
