NEW FACES, SAME PASSION 2019 Committee

The 2019 season will see a bunch of fresh faces around the club, while your old favourites haven't gone far and their passion and love of the club hasn't changed, these hard working individuals are having a much deserved break—Except for Glen... he's part of the furniture here So we welcome in a new Committee for 2019. All of these members have been at the club for a number of years in some capacity, a couple you will have seen in the committee before. The directive and view for this season is to continue to grow but ensure we maintain that family culture we are so well known for.

To help make things easier (for us & you), very shortly we will be announcing points of contact for specific matters within the club—we hope this will ease the burden on some key members while also ensuring we can be easily reached and answer any concerns in a timely manner. Such positions will include, Coaching Co Ordinator (split into age groups), Managers Co Ordinator, Uniforms & Merchandise, Sponsorships & Social Media, Club House, Canteen etc so along with the executive committee (President, Secretary and Treasurer) you will be able to contact people directly regarding a specific matter.

Captain Calvin's Cutters Corner

Once upon a time a young Coomera Cutters Player complained to his Coach that he thought his game was poor and that he didn't know how he was going to make the team.

The Coach took the young Cutter to the canteen. He filled three pots with water and placed each on a high fire.

Once the three pots began to boil, the Coach placed potatoes in one pot, eggs in the second pot and ground coffee beans in the third pot.

He then let them sit and boil, without saying a word to the young Cutter.

The Cutter, moaned and impatiently waited, wondering what he was doing. After twenty minutes he turned off the burners.

He took the potatoes out of the pot and placed them in a bowl. He pulled the eggs out and placed them in a bowl. He then ladled the coffee out and placed it in a cup.

Turning to the young Cutter, The Coach asked, what do you see?"

"Potatoes, eggs and coffee," the Cutter hastily replied.

"Look closer" said the Coach, "and touch the potatoes." The young Cutter did and noted that they were soft.

The Coach then asked the young Cutter to take an egg and break it. After pulling off the shell, the Cutter observed the hard-boiled egg.

Finally, the Coach asked the young Cutter to sip the coffee. Its rich aroma brought a smile to the Cutter's face.

"Coach what does this mean?" the young Cutter asked.

The Coach then explained that the potatoes, the eggs and coffee beans had each faced the same adversity-**the boiling water**. However, each one reacted differently. The potato went in strong, hard and unrelenting, but in boiling water, it became soft and weak.

The egg was fragile, with the thin outer shell protecting its liquid interior until it was put in the boiling water. Then the inside of the egg became hard. However, the ground coffee beans were unique. After they were exposed to the boiling water, they changed the water and created something new.

"Which one are you?" The Coach asked the young Cutter?

"When adversity knocks on your door, how do you respond? Are you a potato, an egg or a coffee bean?"

Calvin's Moral of the story: "In life, things happen around us, but the only thing that truly matters is how you choose to react and what you make out of it. Life is all about learning, adapting and converting all of the obstacles into something positive!

Calvin's Quote: "There is no education like adversity" **Benjamin Disraeli**
